## CHARITY DINNER

Using personal stories from Andre Agassi to Michael Jordan, Ash Barty to Stephanie Gilmore, Professional Mentor and Mindset Coach, Ben Crowe takes the audience on an inspiring and unexpected journey. Discover the quirky and counter intuitive principles behind successful teams and leaders as Ben unpacks authenticity, vulnerability, connection and storytelling. Hear how Roger Federer's counter-intuitive focus on gratitude, humility and humour enabled him to become the No. 1 tennis player in the world.

Using story to highlight the principles of "Connection" mindset, Ben explains how to embrace vulnerability, imperfection & self-worth, and challenges the audience deeply about their own perspectives.

Ben also shares the High Performance principles behind some of the world's most successful organisations, having worked closely with business leaders across the globe, including Toyota, Facebook, Ernst & Young, Telstra, Lexus and Nike and how to focus our attention to avoid the distractions which typically sabotage performance.
