Parents' Association

From the Principal

Mr Anthony Kirley
Principal

Dear Parents/Guardians, Families, Students and Staff

Congratulations to the Year 12 Class of 2018

The Valet Mass and Valedictory Dinner were held last Thursday evening – a tremendous, celebratory occasion for the College. The Mass was held at the Cathedral and the Dinner at The Sofitel. Congratulations to our Year 12 Valet Class of 2018. We commend you on the way you prepared for the final assessments and exams and on the way you conducted yourselves in recent weeks. We are extremely proud of you. We hope you will always appreciate that success and opportunity are achieved through dedication and resilience.

The VCE English Exam was held on Wednesday and other exams are scheduled to 21 November. We continue to keep these young men in our thoughts during this assessment period.

We have the greatest respect for our Year 12 graduates in achieving their unique place in the history of the College; and now as Old Collegians. May their aspirations, successes and challenges always be guided by the inspiration of the Spirit, in the care of a Loving Mother – Our Lady of Mt Carmel. Be humble in serving others. Aspire to be more.

Reflection

Build me a child, O Lord
to be strong enough to know when they are weak,
and brave enough to face themselves when they are afraid;
proud and unbending in their honest defeat and humble and gentle in victory.
Lead them, I pray, not in the path of ease and comfort,
but under the stress and spur of difficulties and challenge.
Here let them learn to stand up in the storm;
here let them learn compassion for those who fail.

Build me a child whose heart will be dear, whose goal will be high;
a child who will master themselves before they seek to master others;
one who will reach unto the future, yet never forget the past.

(Adaptation of The Father's Prayer, Douglass MacArthur)

Report continued over page ...

Whitefriars Parents' Association

The Association continues to be active, spirited and committed to the College; through 'friends raising' as well as fundraising; giving freely of their time. For all of this I say thank you. On behalf of the College, I extend our gratitude to the Association: 2018 Office Bearers - Michael Mimmo (completing his term as president after two years), Samantha Clifford, Lucy Corrente and Don Chesterman (completing his term as Treasurer after five years); to the elected members and regular attendees at meetings and planning sessions; and to all those behind the scenes who also continually offer wonderful support to myself, the staff, students and families of the College.

School Funding

Many of you will have heard the news in the media regarding the funding arrangements and commitment by Federal and State Governments for the years ahead. Letters from the Executive Director of Catholic Education Melbourne, Mr Stephen Elder, can be accessed at the following links:

- [For Parents - Victorian Government Capital Funding Announcement](#)
- [180921 - Letter to Parents Aust Govt Funding](#)
- [For Parents - Liberal Nationals Capital Funding Announcement](#)

In the interim, in a similar manner to the 2018 funding arrangements, Whitefriars will again have a decrease in funding next year. The College is committed to maintaining all of our current programs without an unusual fee increase. Any fee increase for 2019 will be in line with past practice. Letters to families including the Schedule of Fees for 2019 will be distributed in mid-November.

National Science and Engineering Contest - Darwin

Well done to all of those involved. Please see Mr Height's article for more information.

Remainder of Term Four

The commitment of the parents and students continues to motivate and nurture our community. For your belief, trust and support we all are truly grateful.

Examinations

Year 12 Examinations

Starting with English, our Year 12s have begun their three week's of VCE examinations. All Year 12s are encouraged to meet with their VCE subject teacher during the semester timetabled period. Completing past examination papers/questions and seeking feedback from subject teachers, regularly using the Academic Study Centre and accessing video tutorials on Edrolo in these final weeks will further support learning and preparations for the examinations. We wish all students well in these weeks of preparation for their final examinations.

Years 9 – 11 Examinations

Students are reminded of the dates for end of year exams:

- Year 11 – Monday 26 November to Friday 30 November
- Year 10 – Wednesday 28 November to Friday 30 November
- Year 9 – Thursday 29 November to Friday 30 November

The final schedule and expectations (available on Whitefriars Learn and Engage) has been communicated to students regarding the time and venue of each subject examination. Each student should now begin their preparation for these examinations by revising, notetaking, asking questions and practicing written responses to questions to ensure success. We wish everyone the best of luck.

The student resource below is from reachout.com

STUDENTS

How to manage your time

The amount of work you get at school or uni can seem daunting, but there are tools and tactics you can use to plan your time. If you set goals, make plans, write notes, limit distractions, make time to chill and get help when you need it, you can get everything done.

So little time...

If you're studying, it can sometimes seem like there's not enough time to do it all, but there are tools you can use to plan your time effectively.

Make plans, score goals

Set out a list of what you want to achieve, and for each item, write down what you'll need to do. Make it manageable and achievable. The idea is not to freak yourself out, but to chart a course to where you want to be. As you work through the list, you'll see yourself approaching and reaching your goals.

Write it down

Write down appointments, notes and ideas in a diary or notebook, and use a wall planner so that important dates (or just planned fun times) don't pass you by.

Limit distractions

The internet is pretty great, right? We agree. But with instant messaging, social networks and email, it provides a heap of ways to procrastinate and distract yourself. Limit your time chatting and fooling about to your breaks, and shut down these distractions while you're studying. The same goes for talking and messaging on your phone. You'll get a lot more done.

Take breaks

If you plan study into every single minute you've got, you'll probably end up stressed and unhappy. Make sure you've got time to do things you like that relax you. Whether it's sports, video games, music or anything else, don't let it go just because you're studying.

Academic Enrichment

Mr Ashley Payne

Academic Enrichment Coordinator

State Chess Championships – Brighton Grammar

Recently ten students ranging from Years 7 - 10 went to Brighton Grammar with Ms Powling for the last chess competition of the year, the State School Chess Finals. We were up against the best schools in the state and it was going to be tough for any of us to pull out many wins. We played eight games each across the day where we were matched up against players who were on the same score as us. At the end of the day Whitefriars finished eleventh overall out of 35 schools. Everyone played some great games across the day and learnt some valuable information for future tournaments. A special mention to Ethan Hooi for getting six wins and coming sixteenth out of 207 players, and a big thank you to Ms Powling for running chess club all year and supporting us.

Overall State Championship Standings – Whitefriars finished 11 overall out of 35 participating schools.

Jayden Bardrick, Year 10

Humanities Enrichment – Australian Geography Luncheon for High Achievers

On Tuesday 16 October, we had the annual Humanities Enrichment Luncheon for High Achievers. The luncheon's primary focus was to reward, acknowledge and encouraged 'student excellence' in Geography and more broadly, Humanities. The lunch featured guest speakers including Patrick Baxter, Humanities Captain, who acknowledged student performance in the recent Australian Geography Competition, and Mrs Nicky Contogouris, who addressed the boys about academic excellence and participation in humanities-type subjects in the higher year levels.

Again, I would like to acknowledge and congratulate all students who participated in the Australian Geography Competition and look forward to your continued involvement in Geography/Humanities in 2019. A special thanks to Mrs Nicky Contogouris for organising and coordinating the event and Mr Frank Pospischil for his support of the Humanities Enrichment Program more broadly. The students who were acknowledged appear below – congratulation boys.

Year	Name	Award
Year 10	David Minahan	Distinction
Year 9	Callum Tham	Distinction

Experience Whitefriars

Mrs Natasha Alexander
Director of Enrolment and Enrichment

During October, Whitefriars ran two 'Experience Whitefriars' Days where Grade 3 and 4 children from eight local Catholic Primary Schools were invited to participate in the following activities facilitated by our Learning Areas and students.

We received the following letter from Holy Spirit North Ringwood, which speaks to the purpose and success of the day.

Dear Whitefriars Team,

Please accept our gratitude and thanks for the exceptional experience Holy Spirit staff and students, including our volunteer parents, had last Wednesday, 10 October, during the 2018 Whitefriars Learning Experience Day.

By all accounts, this learning experience was overwhelmingly successful. Most importantly, the students have gained so much from the opportunities presented to them, on this day. They have reported that the facilities, activities and interaction with the students and staff were most rewarding. The students particularly enjoyed taking home their collection of artworks, name tags and stories to share with their parents and significant others.

On behalf of Duncan, the principal, and the wider Holy Spirit Community School, I thank you most sincerely for your hospitality, attention to detail in the lead up to the day's timetable, accepting all costs, arranging transportation and for the commitment, shown in building relationships with the local community, and in particular your feeder schools.

The most rewarding aspect of the day was the level of friendliness, care and consideration from your students, many of whom completed their primary schooling at Holy Spirit. We understand many of these students sacrificed their personal time to accommodate our needs. These students were 'stand out' volunteers who were professional, well-spoken and accommodating. We cannot think of a better way to promote your school than to have students who are ready to take on these responsibilities with so much dignity. Teaching is no easy feat, as we well know, so we offer our compliments to the dedicated and passionate Whitefriars staff, too, who worked alongside our team, on this day.

Please keep us informed of any future programs of this nature, as we would be very happy to take part in these uplifting and positive days.

Once again, thank you, and please pass on our thanks to all involved on behalf of our community.

Kind regards,

Melissa, Grade 3/4 Teacher

TEACHING CULTURAL GAMES

Currently, the VCE Physical Education students are studying 'Cultural Diversity' and how physical activity is encouraged in a number of communities. Our boys were assigned a country and had to research and explain the background of the game to a group of primary students. Their lesson also needed to include warm ups, relay competitions as well as setting up equipment. It gave the VCE students a taste of what it is like to be a Health and Physical Education teacher!

Our thanks must go to St. Anne's and St. Phillip's for bringing their students out to the College and experiencing some different activities conducted by our boys. Next year, we are planning to expand on this to include Indigenous games from Australia. All had a great time.

Mr Cotter and Mr Collins, VCE Teachers

Experience Whitefriars cont...

We received the following poems from some of our guests.

Chloe

When we went to Whitefriars
I was nervous as can be,
Then we arrived,
It was a sight to see.
We started off with Mathematics
Times Tables and Kahoot,
We also did a stair challenge, where you could
have won chocolate loot.
Commerce was my favourite
You had to advertise,
With our idea of Bag-a-Ball,
We won a lolly prize.
Next was good old Science,
We learned about Chemistry.
The difference between chemical and physical
reactions
Really excited me.
Whitefriars was amazing.
I'd definitely go again,
I'll remember this experience,
from when I was 10.

Hugo

After what felt like an hour we had arrived at
Whitefriars and were off in groups called the
Lorikeets, Koalas and Rosellas. My friends and
I were put in Lorikeets and we rushed to Maths,
then Science and then Performing Arts. I loved
Science and I managed to win a test tube of
jelly beans!
We had a great day and I especially liked Science.
I wish we could swap groups and go again.
What a wonderful day we all had!

Olivia

On Wednesday the 24th of October the 3/4s went
to Whitefriars. I liked Science, Maths and
Commerce, because they had fun activities and we
met nice Whitefriars boys. I enjoyed the maths
straw activity, because we got to build the tallest
and the best structure. Unfortunately ours wasn't
the tallest, but it was the best structure. In com-
merce I enjoyed making the poster about Snuggles,
because I was in a group with my friends and the
two boys we were working with were really funny!
Overall I had a really fun day.

We are looking forward to running more in 2019, so if you have a child entering Grade 3 or 4 (or friends who do) have their school contact our Development Team on 9872 8200.

Movember Fundraiser

*Mr Mike Jackson
Language Teacher*

Fifteen years ago, a couple of Class of 1991 Old Collegians, Trav Garone and Luke Slattery, were pondering the disappearance of the moustache. They unhatched a plan to grow moustaches for one month both for charity and for a bit of fun. They convened a crew consisting of thirty guys (known as the original Mo Bros – nearly half of them came from Whitefriars) and one of the world's greatest charities was born!

Since that time, the Movember Foundation has raised a staggering \$938,000,000 for men's health.

In 2017, I raised \$550 and as of 1 November, I will again be raising money for the Whitefriars team. If you would like to donate, please follow this link: <https://moteam.co/team-whitefriars?mc=1>

All funds raised will go to the Movember Foundation to support men's health, particularly mental health and cancer. Thank you everyone for

The Sydney Morning Herald

In 2005, Travis bumped into an old friend, Luke Slattery, who went to Whitefriars and they decided to catch-up with a couple of beers. They were talking about fashion in the '70s and how trends come back. One of them said, "Except for the moustache!" After a few more beers and a lot of laughter they decided to try and bring back the moustache. Trav's birthday is the 27th of November, so they said, "Let's have a moustache theme party for the end of November and see which of our mates can grow the best one." The first I heard about it was in an email from Trav and I was in. That's how Movember was born.

Library

Mrs Jenny Corbin
Library Leader

Ms Claire Vella
Teacher Librarian

Fiction review: Wonderful student review of Haruki Murakami's *Kafka on the shore*

Joel Duggan (Year 11) has written a fiction blog post reviewing Haruki Murakami's *Kafka on the shore*. Murakami is a fascinating author and Joel has written a great review.

Whitefriars students and staff are welcome to submit book reviews to the Library Blog: *Fiction is like a box of chocolates* by emailing librarystaff@whitefriars.vic.edu.au

Library Term 4 Happenings

Inspirational Stories was the theme of the English/Library session for the recent Experience Whitefriars days. Year 3 and 4 students from local primary schools had fun delving into the *Treehouse* book series and creating their perfect treehouse through craft, assisted by Whitefriars Book Club students.

Book Club students this term have been chatting about stories in the adventure/survival genre and having fun with YA Lit Kahoots.

The WWII Remembrance Reflections project culminates in a showcase at Vermont South Library on Saturday 10 November, where the audio interviews undertaken by Year 10 Whitefriars students in 2018 will be a part of an installation.

The library has been bustling before school, at recess and lunchtimes. Students have been taking up the opportunity to play Chess, Lego, UNO and various card games, watch movies, attend book club, socialise and peruse books and magazines.

Students and parents are welcome to contact us about suggestions for activities or book purchases via librarystaff@whitefriars.vic.edu.au

Library opening hours

Monday - Thursday 8am – 4.30pm

Friday 8am – 3.30pm

librarystaff@whitefriars.vic.edu.au or 9872 8320

Performing Arts

Ms Nathalie Fox

Learning Leader - Performing Arts

Ensemble auditions

Thank you to everyone who auditioned for Big Band, Drum Line and Rolling Tones for 2019 and congratulations to those students who were successful. Notification of positions for all ensembles will be posted shortly.

Year 10 Drama and Stagecraft performance

The Year 10 Drama and Stagecraft students enjoyed themselves immensely during, and leading up to, their performance on 17 October. Their preparation included building and painting set pieces, setting up the lights, putting together props and costumes and practising their lines, all of which formed part of their major assessment. The performance was well attended and ran smoothly. Right is a photo of students, Simon Tsaouridis, Noah Rose and Kane Wallace, painting set pieces.

Experience Whitefriars

Thank you to Junior Band and Year 9 Drama and Stagecraft students for their support of Performing Arts staff and feeder primary schools on our 'Experience Whitefriars' day. The students were excellent ambassadors and teachers, and great role models.

Valete Mass

Excellent work by students of Mass Orchestra, Choir and Rolling Tones for their high calibre and respectful performance. Thank you to Mr Hynes for his co-ordination of the performance, Mr Frampton as Cantor, Ms Neilson and Ms Langer for their work with vocalists and Mr Collidge as conductor-extraordinaire.

Instrumental exams

We congratulate the many students, who have taken, or are about to take, their Instrumental exams via either AMEB or ANZCA. This is a reminder to all Guitar and Bass exam students that your exam will be held in the Functions Room on Thursday 15 November and it is vital that you report promptly to Mrs Kennedy with original music books and a pick if needed.

Treasure Island

All aboard for a fun night of pirate hi jinx and shenanigans featuring 28 of our most talented buccaneers. Join them as they take a rollicking adventure on the high seas hunting for lost treasure! Performances are scheduled for Thursday 22 and Friday 23 November at 7pm in our Healy Wilson Theatre. Book now! <https://www.trybooking.com/YTFR>

Piano recital

There will be a Piano recital for all of Mr Hynes' students on Monday 12 November at 6.30pm in the Healy Wilson Theatre. This is a low-key event designed to give the students' performance experience and families are welcome.

Upcoming Events

- 10 November – St Francis Xavier Primary School Fete
- 11 November – Blackburn RSL Remembrance Day Service
- 12 November – Piano Recital
- 15 November – ANZCA Guitar exams
- 21 November – Year 7 classroom music concert
- 22 – 23 November – Middle Years Production – Treasure Island
- 5 December – Presentation Night

Science and Engineering Prize

Mr Kristan Height
Learning Leader - Science

We are thrilled to announce that thirty Year 9 and 10 Whitefriars students claimed the runners up prize in the National Science and Engineering contest held at Taminin College, Darwin NT.

After a standout performance in the State contest earlier in the year, Whitefriars College were invited to represent Victoria for the National Championship in Darwin.

Throughout the day, the boys had to compete in 12 challenges that were difficult and unpredictable, however, the boys showed great problem solving, ingenuity, creativity, leadership and team work that saw them awarded 2nd place overall. To be awarded 2nd place in the country in a competition that would have over 350 schools (at a guess) participate is a terrific achievement.

A huge thanks and congratulations must go to the team's coach, Mr Tom Sykes, who trained the team well and helped coordinate the event. The boys were also supported by Mr Bell and Ms Higgins over the three days and without their support would not have been able to attend the competition.

Whitefriars College Science and Engineering Team 2018

- Jake D Andrade
- Luke Corda
- Lachlan Callander
- Oscar Lam
- Hamish Hamilton
- Tom McKenna
- Declan McCarthy

NT	St. Philip's College	764
NSW	Kira High School	626

Sustainability and Environment Team (SET) News

Ms Jo Menzies
SET Facilitator

The Whitefriars College bushland and wetland ecosystems have been very busy outdoor classrooms for many students this term. The highlights are listed below:

- Year 7 Science Habitat fieldwork. Students have been applying their knowledge of organism's homes to the Mullum Mullum Valley bushland. Students have observed first-hand how Manna Gums and Sulphur Crested Cockatoos have adapted to survive, different environmental factors and the flow of energy in ecosystems.
- Year 8 Sustainability Projects – students have been given a range of tasks to prepare the new Outdoor Learning Centre site. Old vegetable red gum beds were dismantled and relocated, pots transported, ground prepared, fence post holes dug, cucumber and zucchini seeds planted and compost bins prepared.
- Year 9 Science Ecology fieldwork. Students have used the Mullum Mullum Valley to revise their ecology unit knowledge. Organism interactions, adaptations, photosynthesis and impact examples observed and discussed by the groups.
- Year 10 Intro to Environmental Studies. Worked on tomato seedling maintenance and sales, composting and worm farms.
- VCAL. Students have been developing the Outdoor Learning Centre site including shed and fencing foundations, flooring and construction and removing volcanic rocks and unused outdoor furniture.

Congratulations to Josh G, Patrick Y, Lukas J, Michael C, Peter B, Adam S and Alec L for their participation in this week's Manningham City Council Lead2Sustain conference. The boys did a wonderful job coordinating, supporting and teaching primary aged students about sustainable projects. These projects included "Solar Cars" and Mrs Ciavarella's "Sowing Sunflower Seeds in Sustainable Pots". Peter, Alec and Adam made constructing and racing solar cars a lot of fun for the Grade 4 and 6 students. The sunny day was perfect for our activity. Michael, Patrick, Lukas and Josh encouraged the Grade 2 and 3 students how to make a pot out of newspaper, fill it up with potting mix and then easy tips for planting seeds.

Mrs Smith and I attended Melbourne Water and Manningham City Council's The Water Bug Blitz staff professional development last Friday. Thank you to Monica from Melbourne Water for the informative day and to the Yarran Dheran volunteers, Gay, Frank and John for hosting the event from their Visitor Centre. The day was spent waist deep in the Mullum Mullum Creek collecting water samples, categorising and observing different organisms and then analysing the health of the creek. Ten organisms were identified and the health of the creek was moderate. Students will participate in The Water Bug blitz so they too can understand and analyse the health of our local waterways. Refer to links below for more information.

Term 4 dates

National Recycle Week – 12 to 18 November

College Services

Mrs Marie Cameron
College Services Coordinator

Mother's Christmas Mass and Thank You Dinner

This event will be held on Thursday 22 November with Mass commencing from 6.30pm in the College Chapel. Dinner will be served on the Cameron Centre Decking.

Please RSVP to Nola on 9872 8308 or email mcameron@whitefriars.vic.edu.au

Donations of a gift for a boy or girl (clearly marked) are accepted and donated to St. Vincent de Paul.

Uniform Exchange

Melissa has a room full of College uniforms for sale. Please visit on Tuesday's from 12.30pm to 2pm. The Exchange will be open on Orientation Day (7 December) and Saturday 1 December from 9-11am.

This is a great time to shop as we have excellent stock in all sizes.

If you have a uniform for sale, please drop it to my office or the Canteen at any time. Please have it drycleaned and leave the tag on.

Lost Property

We have a number of lost books in our cupboard. Please have your son's check their books.

2019 Offers of Assistance

Please remember to return your Offer of Assistance as soon as possible as we are always looking for help in the Canteen or College Services. Thank you in anticipation.

WHITEFRIARS
PARENTS' ASSOCIATION

Dear Parents and Guardians,

The Parents Association (WPA) held its Annual General Meeting on Tuesday 30 October.

We wish to acknowledge retiring committee members Ruth Marr and Don Chesterman for their generous service to the WPA and their respective past roles of Vice President and Treasurer. Their contribution over the past 6 years to the College community has been remarkable and the community is grateful for your service and dedication.

Congratulations to the new WPA committee for 2019:

- President Michelle Stapelfeldt
- Treasurer Michael Mimmo
- Secretary Lucy Corrente
- Vice President Sam Clifford
- Committee members Nicola Baker, Siobhan Blewitt, Dimity Catlin, Suzy Dickinson, Anna Fenech, Jodi Longmore-Scott, Andrew Minahan, Paul Spizzeri, Lisa Stackpole and Sean Farley.

Finally I would like to acknowledge the selfless work carried out by all of our Whitefriars College Parents Association Committee, Members and Volunteers throughout the year, through your participation you have enriched the Whitefriars community. Congratulations on another great year!

Michael Mimmo
