## DIARY DATES TO REMEMBER

2014 Dates	Event	Time
Monday 6 October	First Day Term 4	
Friday 17 October	Opening of VCE Visual Arts Exhibition	
Friday 17 October	Last Day VCE Classes	
Sunday 19 October	Open Day	9.30am – 2.30pm
Monday 20 October	Student Free Day (Staff Welfare & Wellbeing Day)	
Tuesday 21 October	Year 12 Thanksgiving Mass – St Patrick's Cathedral	7.30 -10pm
Wednesday 29 October	VCE Exams Start	
Monday 3 November	Mid Term Break	
Tuesday 4 November	Melbourne Cup Day	
Thursday 6 November	Last day of Year 11 Classes	
Saturday 8 November	Class of 1994 20 year Reunion	
Monday 10 November	Open Morning	9-10.30am
Saturday 15 November	Benefit Concert for East Timor	7-10pm
Wednesday 19 November	Presentation Evening	7-10pm
Thursday 20 November	Year 12 Valedictory Dinner	7-11.30pm
Saturday 22 November	Class of 1974 40 Year Reunion	11am-3pm
Tuesday 2 December	Year 7 2015 Orientation Day	
Friday 5 December	Last Day of Term 4	
Friday 12 December	Last Day for Teaching Staff	
Monday 15 December	Year 12 results released	
Friday 19 December	Last Day for Administration Staff	
Thursday 25 December	Christmas Day	
2015 Date	Event	Time
Monday 19 January	Administration Staff return to College	
Wednesday 28 January	Teaching Staff and Education Support Category B Staff return to the College	
Thursday 29 January	Staff Day	
Friday 30 January	Student in Years 7, 10 and 12 return to the College	
Monday 2 February	Students in Years 8, 9 and 11 return to the College	
Thursday 5 February	Mass for the Opening of the 2015 School Year St Patrick's Cathedral	10-12noon
Monday 9 February	Open Morning Tour	9-10.30am
Tuesday 17 February	Twilight Evening	6-8pm
Friday 20 February	ACC Swimming Carnival	7-10pm
Monday 23 February	Open Morning Tour	9-10.30am
Friday 27 February	Year 7 2016 Enrolment Applications Close	
Monday 2 March	Open Morning Tour	9-10.30am
Saturday 7 March	WOCA Scholarship Testing	9-12noon
Monday 9 March	Labour Day – Public Holiday	
Friday 13 March	Student School Photos (TBC)	
Saturday 14 March	Year 7 2016 Enrolment Interviews conducted	8.30 – 3.30
Friday 27 March	Open Morning Tour	9-10.30am
Friday 27 March	Last Day of Term 1	

Dates and times are correct at the time of printing.

# Principal's Reflection

Mr John Finn

Whitefriars College was established to promote relationships between like-minded people who wanted to provide an education of merit to boys in a Catholic school enhanced by the Carmelite tradition.

That noble aim remains no less true today.

Whilst learning methodologies, technologies, building structures and student numbers vary considerably from the inception days of the 1960s, the College remains more committed than ever to being a place of first choice and welcome to families of the Eastern suburbs. Essentially it is the alumni of the College who offer markers as to how successful we are at reaching our aspirational goals and it is the boys of today who bear the responsibility of fostering that heritage. So many enrolment enquiries to our College come about because of some personal contact that has been made with past or present students and parents.

In light of such communal connection, it has been most interesting to see the growing band of Parent Association members who are working diligently to support their fellow parents and College activities. It is pleasing to see that the attendance at Parent Association meetings has increased and that the recent major function in the Trivia Night was moved from the original venue to cater for double the expected response. A similar response was experienced with Grandparents Day. This says something about the willingness of our community to be involved directly. There are a number of plans being put in place for 2015 in regard to further parental involvement opportunities.

In a school such as Whitefriars it would be assumed that we have solid Social Justice Programs in place. We do have formal opportunities for the boys with the recent introduction of Year 10 Community Action and a number of opportunities for the boys to gain a greater understanding of the work of the Carmelites in Timor-Leste. Our recent commitment to a long term association to organisations within Manningham, in particular the elderly, disabled and financially

disadvantaged sector groups, has been quite moving. The recent Mount Carmel Day walkathon raised over \$30,000 for Timor-Leste with the boys having a clear idea on why they walked and how funds would be used. Catholic schools engage in social justice initiatives because it is a reflection of gospel values centred on servant leadership; we act because it is the *just* thing to do, not for self- reflected compliments.

At a recent College Assembly we were delighted to welcome back the family of Tom Kelly. Many readers would be aware that Tom was a great contributor to Athletics within the College after having a long and distinguished connection with Whitefriars over 15 years. His passing caused us to reflect more deeply on that contribution. A framed photo and plaque was presented to the family in recognition of Tom's endeavours.

Whitefriars deliberately remains open on enrolment to a cross section of boys in terms of innate talent and background, whilst not apologising for a greater insistence on academic standards. We are proud that we have the capacity to give boys of mixed abilities strong pathways to senior success.

All current research indicates that Eastern suburb schools are progressing their students at an unexpectedly lower rate across Melbourne. There are some who would say that this could relate to a complacency around work habits or expectations. Whilst Whitefriars would not agree fully with that less than optimistic view, we are moving to make some changes to give boys a better chance at success.

With this in mind, the College will move towards a Middle Years (7-9) and Senior Years (10-12) model. This will complement the vertical House system. Essentially it now means that students entering Year 10 will have open access to VCE subjects for the first time. Many of our current Year 9 boys have opted to study a Unit 1 and 2 VCE subject. This also allows us to give more scrutiny to our programs in Years 7-9, especially in terms of literacy. It is pleasing to note that we regularly have a very large number of Year 12 students in Study Hall each night until 6 pm, thus taking advantage of supervised study and an on-site tutoring system.

As well as winning the ACC Swimming Shield we have also taken out the ACC Senior Football title and ACC Senior Hockey Premiership. In addition to those sports, we were premiers in the inaugural Badminton competition. The College continues to perform strongly across many sports.

A large number of Year 11 students have voluntarily participated in the Year 2015 Leadership Program. This involves four after school sessions and a two day leadership camp. Even though a number of the 80 students attending will not gain a badge, they see merit in the program itself. We are confident that our students will select their leaders wisely following those four after school sessions and the two day leadership camp.

All 2015 Year 7-12 parents are now aware of the new uniform requirements. Our new blazer has been worn by the College leaders this year. Next year the new summer and winter uniform will be in place along with a new tracksuit. We look forward to the boys proudly wearing these new styles.

Many of you would be aware that the Carmelites have been working in East Timor since 2000. The Whitefriars Community rejoices with the Carmelites in seeing that two young men (Brs Angelinho and Martinho) experienced their ordination whilst a number of others are in various stages of commitment. The Lord has blessed the work of the Carmelites in many ways. I was delighted to be able to represent the College at the ordinations.

*Almae In Fide Parentis*

# A Word from our College Captain

## Adrian Cardamone

It has been an exciting few months at Whitefriars College and as College Captain, I have thoroughly enjoyed the participation and teamwork the boys have

shown throughout the numerous activities that have taken place.

As always, the Swimming Carnival was a great success as many of the boys approached the day with enthusiasm to swim. In regards to the Senior Cup, the great House of Trinity took the honours in what some would say, was a surprising victory. Being in Trinity House myself, our Seniors are not known for their swimming ability... nonetheless,

we'll take it! As for the Junior Carnival, the House of Brandsma took it out in what was a great swimming competition. Overall, it was not surprising to see Brandsma claim the silverware as they have proven, time and time again, the elite sportsman in which they hold!

Another event that turned out to be an enjoyable, humorous and a competitive day was Mount Carmel Day. In an effort to help raise funds for the work of the Carmelites in East Timor we asked the boys to raise and donate \$50. The response was fantastic with the College raising over \$30,000 for East Timor, in what was an eventful day with numerous activities, live music, food stalls and an inflatable jumping course. Highlights of the day included comedian Dave Callan who packed out the theatre and laser tag, which brought out the boys' competitive edge!

Shortly after Mount Carmel Day both Multicultural week and Science week took place!

Both weeks were extremely successful with a change in the canteen menu to excite the tastebuds of the boys, an insightful chat about nutrition with old boy, Ben Griffiths who now plays for the Richmond Football Club and a farmer's market day that consisted of \$1 healthy and nutritious meals!

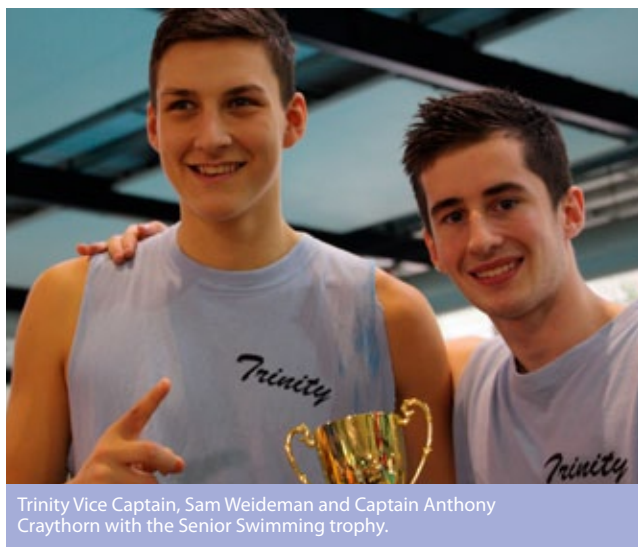

It is hard knowing we only have a few weeks left until we finish the year. But I'm sure the boys are willing to give the rest of the year 100%.

College Captains Jared, Adrian and Dillon presenting Br Martinho Lemos and Fr Wayne with a cheque from the SRC.

Top and below; food stalls and activities were enjoyed by all on Mt Carmel Day.

Trinity Vice Captain, Sam Weideman and Captain Anthony Craythorn with the Senior Swimming trophy.

Jackson Byrne, Brandsma House Captain with the Junior and Overall House Swimming trophies.

# Director of Pre-Novitiate Formation

Br Daryl Moresco, O.Carm, Chicago USA

I'm often asked, why am I living in Chicago. In 2001, I came to the USA to study for two years. Those studies included a Certificate in Carmelite Studies

and a Master of Arts in Pastoral Studies, at the Washington Theological Union in Washington, DC. I lived at Whitefriars Hall, which is the house of formation for our Friars of the two North American Provinces – the Province of the Most Pure Heart of Mary (PCM) and the Province of St Elias (SEL).

Returning to academic work was not easy for me but I quickly adjusted. Towards the end of my studies, the Province of the Most Pure Heart of Mary invited me to join the formation team, for one year, as Co-Director of Formation at Whitefriars Hall, which I gladly accepted. This was both a challenging and very rewarding experience. It's always a privilege to accompany our young men in formation as they embrace the Carmelite way of life.

Expecting to return to the Australian province at the end of this year of formation work, I was invited to teach theology (RE) and be the Campus Minister at Mount Carmel High School in Chicago. I accepted the invitation thinking that I would be doing this for no more than three years. It turned out to be four years.

I was involved in both areas of education in my fifteen years of teaching at Whitefriars College.

Just when I thought it was time to pack my bags and return home, I received a very unexpected phone call from the Provincial of the Most Pure Heart of Mary Province. They asked me to be the Director of Pre-Novitiate Formation in Chicago. Pre-novitiate is the first year of formation for a young man entering the Carmelite Order. At the time, this program was in Houston, TX. He informed me that the Program would be relocating to Hyde Park, Chicago – just up the road from President Barack Obama's home. That was in 2007!

In 2014, we have five pre-novices who have begun their journey into Carmel. Two of them are former students of Mount Carmel High School, one of whom, I am proud to say, was a student of mine and a Kairos Retreat leader. It's always a great joy to welcome these young men into the formation process as they begin to live out more intentionally their desire to become Carmelite Friars, men who are committed to serving God and the Church with great energy and enthusiasm.

Life in Carmel is full of surprises where one learns to expect the unexpected!

Michael O'Connor – former Whitefriars student – visits the Carmelites in Chicago and he's put to work with Fr Paul Henson, O.Carm.

Br Daryl with new novice Br Jeffrey, June 2014

Br Matthew Tonini (AUS) with Carmelites at Whitefriars Hall, Washington, DC

# Our Lady of Mount Carmel Day Celebrations

## Mr John Abrahams, Assistant Principal Identity and Mission

In celebrating the Feast of Our Lady of Mount Carmel, the Whitefriars community gathered over the course of the week to acknowledge this important feast day

in the life of the Carmelites.

Our traditional Mother and Son Mass was well attended with the Chapel full of past and present students and their mothers. Fr Noel welcomed everyone and spoke warmly of how the Whitefriars College community, in particular the students, have such a unique relationship with their mothers. He reminded us that the love the Lord has for his Mother, is God's gift to us and is one we can imitate and model

our relationships with our own mothers on. Fr Noel's words were not lost on the two hundred strong who gathered, as the conversation at supper, was exactly what he had spoken about. Whitefriars College is unique, and mothers and sons do share a special bond. For a large number of the students present at this Mass, many commented on their time at Whitefriars as having played a major role in the strengthening of their relationship with their mothers.

For the College community, we celebrated Mount Carmel Day with six Eucharistic Celebrations over the course of the week. Each Celebration was based upon a theme that reflected Christ's love and his Mother, Mary, the true disciple. The Masses were held according to Year level with the themes for these celebrations being: 'Peace in our world,' 'Our families,' 'The young people in our world,' 'For

the elderly,' 'For those who are sick' and 'For our deceased loved ones.' The students very much embraced each Celebration with the respect and prayerful attitude that reflected the importance and meaning of the occasion. These Masses provided for the students an opportunity to further understand the College motto; 'Almae In Fide Parentis' and how they can also make the connection with our motto beyond just the love of a mother. By belonging to the Whitefriars community, we all have a responsibility to be 'loving carers' and to be willing to share that love with our families, with each other and with those in our community and beyond. Our Liturgical celebrations for OLMC, gave us an opportunity to gather and to pray, to say thank you and to acknowledge the Carmelites on this special day to celebrate with them all that they do here at Whitefriars, in Australia and Timor-Leste.

## Miss Sarah Darmanin, Student Activities and Services Coordinator

Mount Carmel Day took place on Friday 18 July, where staff and students participated in a day of celebration. Year level masses were held over the course of the week, which enhanced

the students understanding of why this day is an important part of the College's

Carmelite identity. The walkathon took place in the middle of the day and this year a new walking path was arranged. Staff and students thoroughly enjoyed the walk and it was an opportunity for students to interact with others in their House and to reflect on the hardship people experience in East Timor. Upon the students arrival from the walkathon there were numerous activities for them to participate in, such as rides, a comedian, laser tag, magic show, a barbecue, food stalls and

band performances. The SRC worked so well to help organise these activities and their support and help in the afternoon was greatly appreciated. It was such a successful afternoon with students really getting involved and donating money to a great cause. The overall donation tally of the walkathon and activities was a fantastic effort from everyone and I think it has definitely set the bar high for next year. Thank you to staff and students for making this year's Mount Carmel Day one to remember.

# Walk for Timor-Leste

By Sean Keefe, O.Carm.

How does one judge success? This year's walkathon generated \$32,318.60 a wonderful achievement.

But what does this mean for the people of

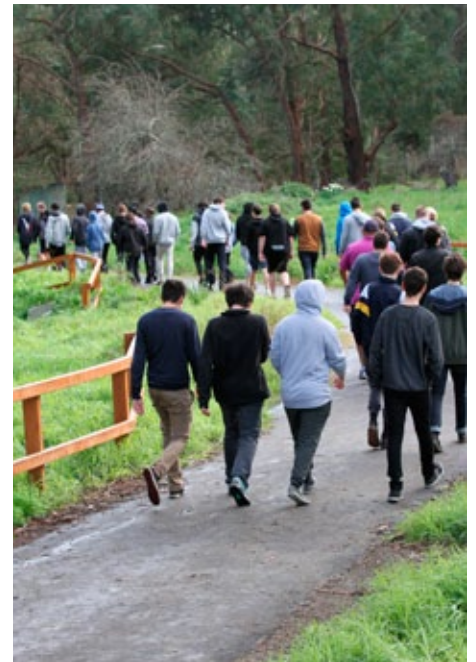

Timor-Leste? In a country where \$8 a day is a good salary, and most do not receive this amount, the money raised can make a significant difference to the future of many people. Since the money will be used in the area of education, lives will be improved and opportunities will evolve. The investment will change lives forever.

The people educated with this money will impact on future generations, so this year's donation will produce dividends in a country that is working toward a brighter future.

Challenges were set for Pastoral groups to assist our boys enthusiasm while raising money for Timor-Leste.

In House totals, Mantua lead the College with \$3,986.20, followed, in a close race for second by Avila at \$3,549.25 and Corsini with a total of \$3,535.50.

I would like to thank the pastoral teachers, staff, students and families for the efforts made to improve the lives of people in Timor-Leste.

# Expand Your Horizons and make a difference

## Our Involvement

In 2004, Whitefriars began working directly in Timor-Leste.

During this time we have helped establish a solar electric system in Zumalai; been involved with a clean water system; provided scholarships for boys, girls and adults over the years in the area of further education, as well as providing trade skills.

In more recent years, Whitefriars has purchased a truck that is used daily to transport crops and other essential materials.

Since the Whitefriars immersion with Timor-Leste we have sent over twenty six staff members of the Whitefriars community, both staff and students who have donated their time and skills to educate and enrich the lives of the Timorese.

In addition to the human hours donated to the people of Timor-Leste, Whitefriars has also contributed over \$400,000.

## What Is This?

Whitefriars is offering an immersion experience for two former Whitefriars College students to live and work with the Carmelites in Timor-Leste for three months.

## What Would I Do?

The people of Timor-Leste want to learn to speak English. What you do naturally is something you can exchange with the Timorese.

Computers are a way of life for us and the Timorese are interested in developing their skills in this area.

Share better ways to understand health and environment practices, which are unknown to many of the Timorese, and by doing so you can help the Timorese improve their lives.

## What Is Expected Of Me?

To qualify for this program, you must be:

1. Between the ages of 18 and 24
2. Have successfully completed your education at Whitefriars College
3. Free and willing to make a three month commitment to work and live in Timor-Leste
4. Willing to work and live in a Carmelite community and respect their lifestyle
5. Willing to abide by the spirit of the immersion program
6. Demonstrate social and cross-cultural sensitivity
7. Willing to serve as an ambassador of Whitefriars College and Australia

8. Able to complete a screening process prior to selection
9. Eligible to get a visa to live and work in Timor-Leste
10. Able to provide a Working with Children card.

## What Will Whitefriars Provide?

1. A round trip ticket from Melbourne to Dili
2. Room and board in a Carmelite Community
3. \$100 (US) per month to cover other expenses.

## What Am I Expected to Provide?

1. Travel and health insurance
2. Cover any expenses above the \$100 (US) per month provided
3. A three month commitment to work and live in Timor-Leste
4. Secure necessary medications and inoculations needed.

For all enquiries please contact

**Br Sean Keefe**

+613 9872 8238 or [skeefe@whitefriars.vic.edu.au](mailto:skeefe@whitefriars.vic.edu.au)

# Connecting with Timor-Leste

**Ms Fiona Matthews, Learning Technology Facilitator and  
Mr Joshua Vujcich, Head of Religious Education**

Connection with the work of the Carmelites in Timor-Leste is an integral ministry at Whitefriars College. Located a twenty minute drive from Dili, Hera is home to those young men who are in formation for Carmelite religious life and priesthood.

Life in the community involves communal prayer and communal life, travelling to Dili to study with other students from religious orders and the diocesan seminary, as well as participating in pastoral outreach to the wider areas. In the Term 2 school break, we were fortunate to have had the opportunity to stay with the Carmelites in Hera, to work with the novices (those preparing to take their initial vows as a Carmelite) and other adult students. At the invitation of the regional prior, Fr Bruce Clarke O.Carm, we initiated instructional programs in Philosophy, English and ICT. Life in the community started early, meeting together

for liturgy at 5am, followed by breakfast watching the sunrise. After a morning spent in the classroom, everybody enjoyed quiet time before heading back to class in the late afternoon. Conversations in Timor-Leste can be in four different languages – Portuguese, Tetum, Indonesian and English, and one of the key aspects in our ministry there was enhancing the students skills in English language and writing. We were fortunate to have had such a rich experience being welcomed as part of the community, and we are looking forward to strengthening the relationship between the Carmelite's in Hera and Whitefriars College into the future.

# New College Uniform

Whilst the present uniform has served us well it has been a considerable period of time since it was last scrutinised in terms of the colour combinations and wearability. During the course of 2013 a representative group was commissioned to look at the current uniform with a view to updating it where necessary.

Following a series of meetings and consultations, including students, parents, staff and the College Board, the recommendations of the committee were accepted.

The changes revolve around a new blazer with prominent piping, a new tracksuit, a new summer shirt, and a different tie. The new

track suit is designed to be nearly waterproof as a top and much more wind resistant and warm overall. The jumper for Senior Years and Middle Years will be a more refined jumper to better suit a wider variety of body shapes.

Many of these items will have a phase in time to alleviate cost concerns for families, with the new items being very similar in price to the current stock.

For those who have been to formal College functions or around the College in a voluntary capacity, you may have noticed that all of our College leaders have been wearing the new blazer this year. The response from the boys has been very favourable.

# Annual Appeal Update

## The Cameron Centre Canteen Makeover

The College is extremely grateful for the response we have had from the Whitefriars College community. Donations have been warmly received from current families, old collegians, past parents and staff. We are thrilled to announce that at time of print, we have raised \$25,750.

The funds will provide a complete makeover to the Cameron Centre Canteen area, which we envisage will require approximately \$40,000 investment. We would encourage any families, past parents and old collegians still wishing to make a donation to do so, as we anticipate commencing the build and renovation

project over Christmas to be ready for the start of the 2015 school year (noting that all donations over \$2 are fully tax deductible).

Donations can be made by calling Natasha Alexander on 9872 8213 or via the

link <http://www.whitefriars.vic.edu.au/giving/cameron-centre-canteen-makeover/>

Thank you to the many donors who we acknowledge below, naturally there are some who wish to remain anonymous.

Ms Rachel Valentine, Head of Performing Arts and Producer

'There's a sucker born every minute!'

This famous catchphrase was created by Mr P T Barnum, American showman, businessman, prankster and entertainer, remembered for promoting celebrated hoaxes and for founding the shows that became the Ringling Bros. and Barnum & Bailey Circus.

Barnum is unlike other musicals that have the usual tensions between good and evil and

'boy meets girl', as it is based on historical events and real identities.

Over 60 Whitefriars College students were involved in this production. The audiences were as impressed by the skills and talent of our students on stage as they were the instrumentalists, lighting and colourful costumes created and controlled off stage. A lesser known musical is Barnum, however many were convinced that it was our most successful production to date.

It was a delight to work with such a fabulously spirited group of young men and women.

# BARNUM

# ARNUM

# Wayne De Klijn

## Vietnam Veterans Commemorative Service Wall Awards

Wayne De Klijn attended Whitefriars College from 1982-1985. Wayne left at the end of Year 10 to undertake a TAFE accredited apprenticeship in Plant Nurseries/ Horticultural Science and Landscape Design. After finishing his apprenticeship and working for a number of different nurseries Wayne decided to set up his own company at the age of 21. Thirty years on and Wayne's company AQL Landscape Design has won a host of awards including, Gold Medal for *Best Outdoor Landscape Design* (2009) Melbourne Flower and Garden Show.

Recently AQL Landscape Design, in collaboration with Sinatra Murphy Pty Ltd (of which Wayne is also a director) won five prestigious National awards for their Vietnam Veterans Commemorative Walk (VVCW) in Seymour, Victoria.

The Vietnam Veterans Commemorative Walk allows visitors to walk through a soldier's journey from enlistment to the harsh battlefields of Vietnam. The installation features state of the art digital technology. Photographic high resolution images in full colour have been encapsulated in Class One Safety Glass (Digi-glass).

The Digi-glass panels honour the 62,100 Australian service men and women who served in the Vietnam War. With meandering pathways the landscaped area is reminiscent of Vietnam. A replica of the Luscombe Bowl (the famous concert space in Vietnam) a memorial cairn and lighting systems come together to honour the service and sacrifice of Vietnam veterans.

The VVCW was officially opened in March 2013 in front of visitors and dignitaries from across Australia. It was launched as the centrepiece of the community-driven Seymour Military Heritage Weekend that attracted 7000 people. The space for the Walk is 350 metres long and 35 metres wide. The VVCW adds to Seymour's rich military heritage and visitors learn about this important and often neglected part of Australian history.

During the seven years from inception to completion of this project, Wayne and Phin Murphy were involved in talking to, and listening to, many of the Vietnam Veterans. Their input was vital in the designing/ creation and implementation stages of the \$1.5 million VVCW, and Wayne told the *Whitefriar* that he was both privileged and moved to hear their stories.

The Commemorative Walk is designed not to memorialise those who served in Vietnam and/or those who paid the ultimate price, but to commemorate the service of all who played their part in what turned out to be a tumultuous part of our history. For this reason, Wayne ensured that there were areas of contemplation for people to use along the length of the walk. The Walk is a meandering red earth path set in native trees and grasses that resemble rubber trees and rice paddies (two plants synonymous with Vietnam). The excellence of its conception, design and implementation has been validated by the numerous prestigious awards it has won.

Away from work Wayne has a family. He lives in Seville, Victoria, in the Yarra Valley region. His wife Dee is Principal of Wandin North Primary School. His eldest son Mitchell is 19 and has just started an apprenticeship in landscape gardening, whilst his daughter Caitlin is 16 and attends Lilydale High School. Wayne is Executive of the Seville township group and enjoys working with and promoting the landscape industry to our younger generation.

He can be contacted at [design@aql.net.au](mailto:design@aql.net.au)

Wayne De Klijn with his wife Dee and children Mitchell and Caitlin

# Andrew 'Andy' Fergus

Master of Architecture Excellence Awards

University of Melbourne Excellence Award 2014 Andrew, Mr Bates (LAB Architecture) and Prof Bilson

Andy Fergus attended Whitefriars College from 2000-2004, successfully completing his VCE in 2004. After finishing at Whitefriars College, Andy undertook a Bachelor of Urban Planning and Design (Honours) at The University of Melbourne. In 2007, during his undergraduate degree, Andy travelled to Italy to attend an intensive exchange program at Ca'Foscari University in Venice. This was the catalyst for his passion for cities, from the scale of the urban plan down to the detail of street and building design. At the end of these studies, Andy received the Venice Intensive Award for his research on the politics of cartography and analysis of the economic function of retailing, in 15th century Venice.

After completing his Honours Dissertation specialising in Affordable Housing, Andy then worked for a number of years in Local Government. Needing a new challenge, Andy decided to return to The University of Melbourne to undertake a Masters of Architecture, to further advance his design thinking.

In 2011, Andy joined Hansen, an award winning consultancy with staff operating across the fields of urban design, urban planning and landscape architecture. Andy's role with Hansen is as an Urban Designer, collaborating with a range of professionals in architecture, planning and government. In the intervening years, he gained experience in planning and design negotiation (in both local government and the private sector) and has had the opportunity to work in rural, urban and suburban contexts in Victoria and interstate. Andy's passion for architecture, urban design and urban planning means that he can work across a broad range of projects and this has opened up many opportunities for interesting work.

In 2011, Andy also became a co-founder and co-director of MELBOURNEarchitours with close friends, Esther Sugihito and Mark Skiba. This involves a small group of Melbournians who currently work in built environment professions like architecture, architectural design, urban planning and landscape architecture, acting as professional guides for specialist tours in the Melbourne CBD and inner suburban areas. These tours include and cover a broad spectrum of eras in Melbourne's history, as well as contemporary architecture, with each based on a predetermined and well researched theme. The tours have been very well received by local, interstate and international visitors, and have proved an important platform for Andy and his co-directors ideas to be shared about cities, architecture and society. Architours remains a hobby outside of core work hours, but provides Andy with an all-important intellectual and creative outlet.

Melbournians who work, live and breathe architecture and design in this city and are keen to share the knowledge and generate discussion about the built environment, we invite you on a walking tour with us to learn about Melbourne's evolution through its building fabric.

On finishing his Masters of Architecture in 2013, Andy received both the Dean's Honours Award for his academic performance over the final year of study, and the Edward and Penelope Billson Prize in Architecture. The Edward and Penelope Billson Prize was awarded "to [the] student who has completed the final-year studio subjects in the Masters of Architecture, and whose work, in the opinion of the Dean of the Faculty of Architecture, Building and Planning, displays the most promise in architectural design, particularly

in regard to aesthetic content". Andy's final year project investigated the problems with medium density housing in Melbourne, both historically and now, and sought to establish a new model of affordable collective housing as a potential solution. Andy's research in this area has continued and involved presentations to a number of Local Government and other consultant teams, to help promote the need for change in the way we think about housing in cities. The project is currently nominated for the Royal Institute of British Architects Silver Medal for final year student projects, and Andy will learn in December how his project was received in this international forum.

Andy has a real passion for his craft, which is underpinned by a fascination with the way people live within and perceive their cities.

For those who would like to find out more, Andy runs a very informative blog @ <http://infillurbanism.wordpress.com/>. Further, if you are interested in attending an Architour and hearing Andy and his colleagues' passion first hand then more information can be found at [www.architours.com.au](http://www.architours.com.au).

## Baptisms

### Baptisms – Whitefriars College Chapel

27 April	Jett Baggoley son of Sean Baggoley Year of 1994
3 May	Brayden Mandjian. Son of Danielle Mandjian, current staff
1 June	Oliver and Cassidy Riddle. Son and daughter of Samantha Riddle, current staff
13 July	Cooper Attwood. Great grandson of Marie Cameron, current staff.

# Back to Back ACC Senior Football Premiers

ACC Grand Final, Whitefriars Senior First XVIII versus St Joseph's College, Geelong

## Ryan Malt, Football Captain

On 18 June, the Whitefriars Senior First XVIII headed to Elsternwick oval to take on St Joseph's Geelong in the ACC Grand Final for the second year straight. We had

played against St Joseph's only two weeks earlier and came out victorious by over ten goals, but as both ourselves and 'Joey's' were missing many key players during that contest, neither team knew what to expect from the oppositions full squad. After a moving pre-game speech by our coach, Mr Kristan Height, we headed out of the rooms and onto the oval, raring to go. With the words of Mr Height ringing in our ears, it only took a matter of minutes for the Friars to boot the four opening goals of the game, headlined by three from full forward and goal scoring machine Ryan

'Buckets' Phillips. With the midfielders and forwards hitting the scoreboard early and often, a large lead soon opened up, and with the backline, led by a stellar performance from Peter Stathopoulos we made sure it would stick, heading into halftime leading 52-9.

St Joseph's came out firing in the second half and managed to boot a few goals early in the third, but a few late goals to Sam Weideman, Frank Anderson and Daniel Coffield, once again, the Friars were back in control of the game with a lead they wouldn't relinquish. St Joseph's attacked and attacked, coming at the boys all day, but to the Whitefriars boys credit they put the clamps on and wouldn't let St Joseph's back into the game. A sixty metre Adam Brovedani goal, with minutes left to go in the game, put the finishing touches on an extremely well fought game by every single one of the Whitefriars players. With the final siren sounding it was time for the team,

coaches and College to celebrate a second straight ACC premiership, the only ACC Senior side to win back-to-back premierships since the 2004-05 Whitefriars teams.

In all, an exceptional season by everyone involved was capped off by an exceptional grand final showing.

The results from the game were:

- † Whitefriars 12 / 12 / 84 defeated St Joseph's Geelong 8 / 4 / 52
- † Goal Kickers: Ryan Phillips 5, Sam Weideman 2, Riley Fyffe 1, Daniel Coffield 1, Frank Anderson 1,
- † Patrick Turnbull 1 and Adam Brovedani 1
- † Best Players: Adam Brovedani, Ryan Phillips, Daniel Coffield, Bailey Freeman, Riley Fyffe, Frank Anderson, Peter Stathopoulos

I would personally like to pass on a huge thank-you and congratulations to our first XVIII football side and their coaches; Mr Kristan Height, Mr Peter Ciardulli,

and Mr David Bell for the superb way they represented our College recently in winning the Senior ACC Grand Final at Elsternwick Park. I would also like to thank the many staff and students who came along to support everyone in our team. The atmosphere on the ground was greatly enhanced by the fantastic turn out of supporters in the stands.

The recent grand final appearance was a result of two terms of extremely hard work and dedication from the coaches and our senior football squad members (I say squad as there were more players involved in the season than those 24 fortunate boys lucky enough to be selected to run out at Elsternwick).

Not only did this group represent our College with exceptional skill but the mateship that they displayed was fantastic.

Mr Gavin Kellar, Head of Sport
